

Final Project feedback for Yingpeng Tan (739674)

Criterion	Available marks	Your mark
Report Structure/Writing		
Structure/writing total	5.0	5.0
Method and Justification		
Method total	10.0	8.0
Experimentation and Evaluation		
Exp/Eval. total	10.0	6.0
Overall mark for Final Project	25	19

Personal feedback

Overall : Excellent report overall, clearly structured and multiple approaches are well described. Writing : Writing style is excellent. Method and Justification: Multiple approaches are described clearly and in sufficient detail for reproduction by a third party. Evaluation: You need to introduce, explain the evaluation process with proper justification. The evaluation process should not just depend on the Kaggle public test set. Lack of error analysis with visualisations of failure cases. Your evaluation section would benefit from more detailed visualisations of failure cases, or sensitivity analysis over important model parameters.
